

Our mission:

Harnessing the power of collaboration to create positive change.

How we help

- **Meeting facilitation and community engagement.** Stakeholder workshops, community consultation, Board meetings and team meetings all benefit from a professional, independent facilitator who brings out the best in a group.
- **Strategic planning.** Our suite of engaging and practical tools will clarify your goals, build on your current expertise and get you headed in the right direction.
- **Team reconnection sessions.** Create the space for your team to reconnect and reflect, to get everyone working together and pulling in the same direction.
- **Impact measurement.** Use program evaluation to understand the real difference being made by your work, what impact your programs and projects are having, and what success looks like.
- **Training in grant writing.** Learn how to write successful grant applications with a Cert IV qualified trainer. We can write grant applications for you too.

Preferred supplier to
Old Local Government

Why choose us?

- **Local knowledge and networks.** We're run by North Queenslanders, for North Queenslanders. We know the region, the industries, the people and the culture. Our Townsville location means you don't pay high travel costs.
- **Australia's highest tertiary qualification in facilitation.** Principal Consultant Renée Madsen holds an accredited Advanced Diploma of Group Facilitation and a Certificate in Engagement from IAP2, the International Association of Public Participation.
- **20 years' worth of lessons learned in program evaluation.** You'll benefit from Renée's 20 years of experience evaluating programs in federal and state government, natural resources and community services.
- **Quick return on investment.** We focus on practical, common sense solutions that your organisation can apply straight away, building on what you already have.
- **We listen.** It's not about us, it's about you. We listen to what you want and help you achieve it in a way that suits your values and your culture.
